

Ins and Outs for Friday, March 4, 2011

BAKERS NEEDED! The Piece of Cake 10K is coming up on March 20! For those of you who simply thought the name of this race was a sarcastic reference to the hills in Seneca Creek State Park, you should know that it is actually named for MCRRC's Birthday Party! To celebrate, the race will be followed by MCRRC's Annual Meeting at which the Board of Directors for the coming year will be elected and other club business may be conducted but more importantly, we eat cake! You are encouraged to bring your greatest baking creations to share with your fellow club members. Please let Club President Jean Arthur know if you will be bringing cake so that we may plan accordingly.

REGISTRATION TEAM VOLUNTEERS

MCRRC is forming a Registration Team to fill a key role at our Low Key Club Races. This is a great opportunity for a few folks to make a substantial contribution to the club while working through an injury or who are engaged in a training program that might not allow for competing in a lot of our club races.

The members of the Registration Team will coordinate registration activities at our low key races. Team members will train and manage registration volunteers, coordinate with data entry volunteers as needed and troubleshoot registration problems for runners.

Team members will work amongst themselves to assign members to volunteer at each of the low key club races. The time commitment for each race is approximately two hours and only one member of the registration team should need to be present at each race - many hands will make light work!

Simple training will be provided. Individuals who are interested in becoming members of the Registration Team should contact Club Race Coordinator George Tarrico at gtarrico1@verizon.net.

TRAINING PROGRAMS

Registration for the 8K Spring Training Program which targets the Rockville Rotary Twilight Runfest on July 16 is now open! The program is designed for those who have run a 5K or 10K race and would like to improve their speed and train in a group setting though novice runners are also very welcome. Full details are available on the club website. <http://www.mcrrc.org/programs/EightK.php> Individuals who have questions should contact Coach Shirley Skorbiansky (sskorbiansky@gmail.com).
